

SESSION GUIDE

AMY CARROLL PHOTOGRAPHY

HELLO! WELCOME! I AM SO GLAD YOU'RE HERE!

I am committed to inclusion and non-discrimination. I strive for authenticity over perfection and find beauty of all those little moments in between that really capture true personalities.

Session Information//

I recommend booking sessions with me at least one season ahead of your desired timeframe. I offer weekday mornings or evenings in the months of April-early November. Saturdays in this timeframe are reserved for weddings and Sundays are my day off to rest, recharge, and reconnect with my own family.

During my sessions, I create artful and creative images with a focus on beautifully posed imagery as well. I know that for many, photography sessions can be stressful and I work hard to make it a relaxing and fun experience with the end goal to be pictures that you cherish for a lifetime.

All of the images that you receive from me are fully edited and high-resolution. You are welcome to print and share on social media.

INVESTMENT

I offer two session types to serve you best

I offer a *30 minute session for Grand Rapids clients for \$350 and a 60 minute session for clients with in 1 hour of Grand Rapids for \$600. Each session includes high res digital images with an online gallery.

I require a non-refundable \$50 booking fee to be paid when you schedule your session with me. The remainder of the balance is due the day of your session. If we have to reschedule due to weather, your booking fee will be moved to a different day

*30 minute sessions are only available for Grand Rapids and nearby surrounding suburbs. Lakeshore sessions must be scheduled as hour-long sessions

Travel

Do I travel for sessions?
Why, yes I do.

Travel is a part of my occupation I enjoy tremendously. I travel often to Chicago, Seattle, Denver and other destinations and welcome chatting with you more if you are wanting a session where you call home.

For more information, send me a message!

EXTENDED FAMILY SESSIONS

Creating lasting memories with the generations in your family is a gift I love to help you achieve. With a mix of beautiful portraiture and capturing the emotions and the in-between, I help guide these sessions to be easy and relaxed.

I recommend booking full hour sessions for these types of sessions to allow the big and smaller family groups to be photographed.

Please let me know if any of the members of your family have mobility issues or need chairs as part of our time together.

NEWBORN SESSIONS

Newborns (and their mamas!) are most at ease inside of their homes. I photograph my newborn sessions in a documentary way, keeping things calm and peaceful and capturing this beautiful and new time in your lives.

ANY LAST QUESTIONS?

CAN WE BRING OUR PETS ?

Also, because I know you'll ask, yes, your dog (s) are always welcome! There are a few locations that I photograph that do not allow dogs (such as Oval Beach). Please feel free to ask if a location is dog- friendly or not.

INCLEMENT WEATHER ?

If it looks like our session might get rained out, I will have rain dates available for rescheduling. I typically will plan to make a final call about two hours prior to our time together.

If the weather is simply cloudy, that is actually quite ideal for photography and I will be excited to have such a beautiful and even lighting for our time together!

OUTFITS AND STYLING ?

I am happy to give outfit advice and styling ideas via Pinterest Boards I have available. In general, it's best to coordinate rather than matching too closely to the other people in your party. If you want to do an outfit change during our time together, you are more than welcome to do that but please note that could cut into our shooting time together.

PAYMENT ?

I accept payment through Venmo at amycarrollphotography. I also accept cash, check and credit card, these payments can be arranged by contacting me through email.
